IF NOT WHY NOT?

Introduce Carbonated Beverages at your after-
noon gatherings?

We would suggest PLAIN SODA (with anything
you may like) or LEMON SODA and GINGER ALE
would make a good combination. Then there is
CREAM SODA and ROOT BEER and ORANGE
and PIMBLE—nothing more healthful and far
superior to Tea.

MERCHANTS TO KUHIO

The Merchants' Association has sent the following communication to Dele-
gate Kuhio:

Hon. J. K. Kalaiananole, Delegate to
Congress, Honolulu, T. H.

Dear Sir:—In reply to your favor of
July 28th, requesting information from
this Association regarding matters de-
sirable to be brought to the attention
of Congress by you, we beg to submit
the following:

1. In order that the bonds of the Terri-
tory be more desirable and salable,
section fifty-five of the Organic Act
providing for the issuance of bonds,
should be amended, making the period
of redemption optional with the Terri-
tory, or at least extending it to the
period of ten years, and the time of
payment to twenty years from the date
of the issue.

2. Agriculture, constituting the main
industry of the Territory, should be
fostered, supported and extended as
much as possible, and to that end Con-
gress should be asked to make suit-
able appropriation for the use of Agri-
cultural Experiment Station.

3. Coffee growing in this Territory,
which produces an article of superior
quality, would be developed into an
industry of great importance, provid-
ed Congress would favor the same by
a protective tariff or bounty for a lim-
ited period of time.

4. This Association would urge upon
you the necessity of continuing the ef-
forts already made to have this made
a regular port of call for the trans-
ports. While we have some assurance
that the outward bound vessels will
stop here, we have none that the home-
ward bound vessels will. The value
of the transport trade to Hawaii can-
not be over-estimated.

5. The proper care and treatment of the
lepers is a matter of first considera-
tion and importance to the people of
this Territory, and no reasonable ex-
pense has been or will be denied to con-
tribute to their support and welfare.
It is desirable, however, that every
possible benefit known to science in
the amelioration of this affliction
should be made available, and for this
purpose it may be desirable that the
Federal Government extend its assist-
ance in this regard, enabling them to
receive the most scientific treatment,
and your efforts to bring this about
will be greatly appreciated.

6. Public buildings for the use of the
postoffice, custom house, United States
courts and other offices at Honolulu
and Hilo are very necessary for the
use of Federal officers, and for the ac-
commodation and convenience of the
public. In this behalf your attention
is invited to a report made by Mr.
Eustis to the Secretary of the Treas-
ury.

7. Of great importance to the interests
of the Territory, and the people of Ha-
waii in particular, is the construction
of a much needed "breakwater" at
Hilo, to insure the safety of vessels,
and facilitate the loading and landing
of cargoes. We consider this "break-
water" of paramount importance and
would urge you to bend every effort to
secure an appropriation to construct it.

8. It seems to this Association to be
eminently unfair to have this Territory
expended funds from its direct taxes for
the maintenance and repair of light
houses, on our coast, which serve to
protect human life and prevent the loss
of the property of all nations.

We believe it to be proper that you
not only urge the transfer, support,
maintenance and construction of light
houses to the Federal Government,

but that you seek to have this Territory
reimbursed for the monies expended in
this way since annexation, details of
data of which can be secured from the
public works office.

9. It has been said that no other com-
munity under the Stars and Stripes is
called upon to expend funds from its
direct taxes, on harbor improvements.
We see no reason why we should not
work through you to have the care of
wharves and dredging of the harbor
within the Federal lines, undertaken by
the Federal Government, and as in the
case of light-houses, we believe it emi-
nently fair and proper to seek an ap-
propriation to reimburse the Territory
for monies so expended since annexa-
tion.

10. The establishment of a naval station
at Pearl harbor, and of a strong mili-
tary post and fortifications upon the
island of Oahu, is a matter of the high-
est importance to the people of this
Territory, and every effort should be
put forth to secure the same.

11. Of equal importance to the dredging
of our harbor so as to allow the larger
steamers on the Pacific to enter and
come up along our docks, is the ques-
tion of the modifying of the coastwise
shipping laws.

In the passage of these laws, it was
undoubtedly the intention of Congress
to build up and protect a purely Ameri-
can commerce along the coast of the
Mainland, and could not at that time
have contemplated that a Territory
two thousand miles from the coast of
the Mainland should be considered as
a coastwise port.

This condition of affairs is demor-
alizing to the business interests of the
Territory and should receive your
early and earnest consideration. In
this connection we would suggest that
you see some of the larger shipping
concerns of Honolulu, who can furnish
you with data, showing the working of
this unfair law.

12. This Association would suggest that
section 55 of the Organic Act be
amended, or an Act of Congress intro-
duced to permit the Territory to con-
tract obligations to meet a casual de-
ficit in the revenues by the issuance of
Treasury notes, not to exceed \$300,000
dollars, and at a rate not higher than
6 per cent.

The Association appreciates your
courtesy in giving them an opportu-
nity to make suggestions to you in mat-
ters which concern the public welfare,
and while this is not as complete as we
would like to make it, yet it practically
covers all the principal matters inter-
esting the Territory at the present
time. The Association will be pleased
to forward to you from time to time
any matter which may arise, and will
endeavor to aid and assist you to the
best of its ability in your work at the
Capital.

Yours very truly,

GEORGE W. SMITH,

Vice President, Merchants' Association.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets.
All druggists refund the money if it
fails to cure. E. W. Grove's signature
is on each box; 25 cents.
